

# SKF Supplier Excellence Award 2010

QUALITY

## MORAVIA STEEL Czech Republic

Bars

MORAVIA has had Zero NCC and NCI for more than 2 years.

MORAVIA has implemented a highly effective quality management system for which they received certification according to the International Automotive Standard ISO/TS 16949. SKF recently performed a quality audit, CSQA, with an excellent score of 1.4.

MORAVIA is developing an ambitious continuous improvement plan for 2011 focused on bearing steel with many different activities already partly implemented and strictly followed. Zero Defects is an objective set by Management and part of the quality policy.
